Dermapen treatment

Dermapen is a unique micro needling device that can remodelling your skin matrix. It uses multiple surgical needles, which stimulates the collagen & fibroblast. The skin becomes firmer, smoother and younger, improves 70-80% of scars.

\$350 per treatment or buy 2 upfront & get one FREE ☺

Dermapen TattOff treatment

Dermapen TattOff™ delivers precision tattoo removal and targeted skin rejuvenation. The system offers a non-laser and non-thermolytic technology which removes all tattoo inks, located anywhere on the body. A specialised lactic acid compound is gently infused to the depth of unwanted ink deposits, forming a scab that physically draws up the tattoo pigment. Once the scab falls off, so does the unwanted colour.

39% of the 28 most commonly used pigments in tattoo ink are NOT allowed in cosmetics.

(In vitro studies have shown some tattoo pigments contain metals that could theoretically break down into toxic chemicals in the body when exposed to light)

Consultation are \$50 which redeemable from the first treatment.

daVinci anti-aging Vampire Facial

da Vinci 21 is a world first formula containing five growth factors designed to mimic the body's own natural growth factors in improving the youthfulness and health of skin.

These powerful growth factors act on the skins receptors to improve the appearance of fine lines and wrinkles. Reduce the appearance of uneven skin tone, provide a smoother and firmer matrix supporting the epidermis, stimulates collagen and elastin.

Time 1 ½ hour for face and neck \$450

Pay 2 treatment upfront and get 1 FREE ☺
